**The subscription includes more than 410 CHOICE and RCL award winning titles.** It also includes a growing selection of Wiley titles only available in subscription through ProQuest including RCL award winner, "*Student Services: A Handbook for the Profession (2016)*," "*Maker-Centered Learning: Empowering Young People to Shape Their Worlds (2016)*," and "*Foundations of Adult and Continuing Education (2016)*."

**All ProQuest subscriptions are delivered on the Ebook Central platform,** which offers DRM-free chapter downloads, bookshelves, annotating and other features that enhance the research experience and improve outcomes. ProQuest is also the only ebook provider that offers both session and user-based usage data with Patron Analytics. Subscriptions offer unlimited multi-user access, continue to grow, and are affordably priced based on full-time equivalent (FTE) students. If libraries were to purchase every title in this subscription under a single user perpetual access model it would cost more than \$16,600.

**These and many other Wiley titles are only available in subscription through ProQuest.**

# Why do you need ebooks in Education?

Offering journals alone won't give your researchers — or faculty — the support they need. Offer a diverse collection comprised of books and ebooks, along with other resources, to help researchers succeed. According to a 2017 ProQuest survey, nearly 100% of faculty recommend ebooks to their students and almost 80% use ebooks in their research.

## Content diversity is critical.

In 2017, ProQuest asked researchers from around the globe what types of resources they use in their research. Two out of three respondents indicated they use every content type with books and ebooks being the most popular.

"Academic Complete helps us to provide more ebooks for undergrads in subject areas in which we might not always choose to purchase ebooks. The interface has always been the simplest to use, and the one that our users seem to like the most. Also, the multiple users for every title is invaluable - we never have to worry about turnaways."
